DETAILED ACTION

This is in response to communication filed on 10/5/05 in which claims 1, 2 and 4-20 are pending. The applicant's communication has been fully considered therefore this case is in condition for allowance.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: determining a scaling factor corresponding to the hard decision point comprises selecting a first constellation corresponding to the hard decision point and determining a second constellation point corresponding to a nearest constellation point having a designated received bit as recited in claims 1 and 9. Using the scaling factors and the hard decision point to determine decoder metrics and provided the decoder metrics and quantized point to a viterbi decoder as recited in claim 11. A scaling factor unit that determines scaling factors associated with the constellation point and a metric calculator that accepts the scaling factors and the constellation point and determine branch metrics for the constellation point as recited in claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
